OVERVIEW

I engage in a diverse Commercial and Corporate Law practice. I represent banks, businesses, debtors and creditors in all phases of commercial litigation, bankruptcy and collection matters, along with contract and acquisition opportunities, ventures, product and brand development.

I have experience handling large and small Chapter 11 cases on behalf of Secured Lenders, Debtors, the Creditors' Committee and the Trustee. I have represented numerous large and small companies in issues ranging from start-up through dissolution, employment law issues, collection, real estate litigation, real estate acquisition, commercial lease documentation, mergers and acquisitions, and shareholder disputes. I have experience handling commercial and residential foreclosures and have negotiated and prepared documents for corporate mergers and acquisitions, real estate transactions, wind down, forbearance agreements, condominium documents, commercial leases, non-profit 501 (c)(3) documents, employment agreements, shareholder agreements, buy-sell agreements, and close corporation agreements.

In addition to bankruptcy and corporate law experience, I have a niche practice in Entertainment Law. I am a member of IR Global's international professional network, which allows me to better serve my clients in cases with a national or international nexus by drawing on expertise from jurisdictions around the world.
