OVERVIEW

I practice in the area of medical malpractice litigation with a focus on catastrophic birth injury cases. My legal practice is strengthened by years of experience as a registered nurse and my critical analysis of medical malpractice cases. I began my nursing career after graduating from the St. Vincent Charity Hospital School of Nursing in 1981. While practicing as a registered nurse, I gained experience in medical, cardiac, and surgical intensive care and in hemodialysis. I was certified in critical care nursing and have extensive experience as a nurse manager and in labor negotiations.

Those experiences piqued my interest in the law and my practice as an attorney has afforded me the opportunity to defend healthcare providers in medical malpractice matters.
